## Overview

“**M/S SEINEN**” is associate of Dawood Engineering, established in Year 2006. SEINEN has been actively contributing to the success of Pakistan’s leading industries through its Indenting, Trading and Maintenance Services. The service section is fully equipped with trained staff to extend support for any engineering service/ repair/ maintenance solution irrespective of machine origin or supplier.

### SEINEN Trade

The division represents various overseas companies from around the world and provides latest :

- Engineering Equipment
- Accessories & Spares
- Auxiliary Equipment
- Cutting Tools

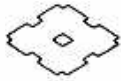

### SEINEN Services

The division through its qualified and experienced team of engineers provides engineering services such as

- Commissioning & Installation
- Repair & Maintenance
- Maintenance Contracts
- After Sales Services
- Overseas Installation & Commissioning

# GLOBAL AFFILIATION

## SUMITOMO PRECISION-PUMPS

## CUTTING TOOLS

SEINEN represents **SUMITOMO-Japan**, **OSG - Japan**, **KORLOY - Korea**, **HGT, JIMMORE - Taiwan**, and offers a variety of cutting tools.

## Cutting Inserts

- Turning & Milling Inserts
- Boring Inserts
- Grooving/Facing Inserts
- Threading Inserts

## Holder

- Turning Holders
- Boring Holders
- Grooving Holders
- Threading Holders

## End Mills

## Side & Face Cutters

## Rolling Dies

## Thread & Spline Rollers

## Punching Dies

## Cutters

- Milling Cutters
- Hob Cutters
- Broach

**Victor Taichung**  
**Vturn-V560**

## Machines

The company offers machine solutions such as CNC Machines, Precision lathe, Milling, Marking, Gear Hobbing, Die-Masting Machines & Band Saw.

### CNC Machines

#### Turning Centre

- Horizontal Turning Centre
- Vertical Turning Centre

#### Machining Centre

- Horizontal Machining Centre
- Vertical Machining Centre

### BAND SAW MACHINES

- Pivot Type
- Column type (Double and Single)
- NC control Type

## Pressure Die Casting Machine

Range 350 to 800 Tons

## Gear Hobbing Machine

CNC type  
Manual type

## Marking Machine

Pneumatic  
Laser

## Milling Machine

Manual Milling

## Precision Lathe

A yellow paperclip is positioned at the top left of the blue text area.

## Drill Machine

- Radial Drill Machine
- Multi Spindle Drill Machine

## Honing Machine & Honing Stones

## Taping Machine

- CNC Type
- Multi Spindle

## Pipe bending Machine

- Pipe bending
- Squeezing Machine

## Broaching Machine

## Accessories & Spares

### Spares for Press Dies/Molds

- Coil Springs
- Punches
- Guide Pillars
- Button Dies

Panel Cooler

Machine Air-conditioner

Die Casting Molds

Oil & Chemicals

- Die releasing agent
- Cutting Oil

Quenching Oil

## Industrial Burners

SEINEN offers excellent burner solutions for Boilers, Paint-shops, and Furnaces etc. Our product range includes:

- Gas Burners
- Oil Burner
- Dual fuel Burner

## Oil & Grease Lubricating Pumps

### Oil Lubricator

- Auto Oil Lubricator
- Manual Hand Oil Lubricator

### Grease Lubricator

- Auto Grease Lubricator
- Manual Hand Grease Lubricator

## Hydraulic Pumps & Rotary Pumps

## Distributors & Accessories

# Measuring Instruments

## Measuring Indicators

- Dial
- Digital

## Micrometers

- Manual
- Digital

## Vernier Caliper

- Manual
- Digital

## Height gauges

- Dial
- Digital

Granite Surface Plate & stands

Calibrators

Optical Micro Scopes & Profile projectors

Surface & Roughness Tester

Depth Caliper & Gauge

- Manual
- Digital

Thread & Spline Plug/Ring Go & Nogo Gauges

A gold paperclip is attached to the top left corner of the red paper.

### Chucks for CNC Machines

- Hydraulic
- Manual

### Jaws

- Soft Jaws
- Hard Jaws

### Machine cards & Drives

### Servo Motors

### Inverters

### PLCS

### Controllers

### Bearings

A gold paperclip is attached to the top left corner of the blue paper.

### LCDS & LEDS

### Hydraulic and manual Vices

### HMI

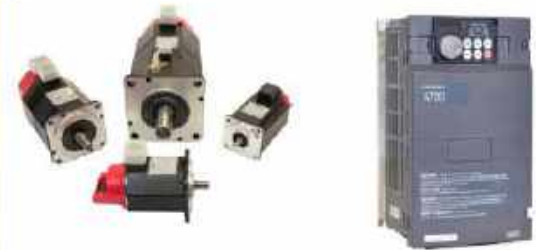

### Sensors

### Oil Mist

### Band Saw Blades

- Antistatic Gloves
- Collets & Arbor
- Bearings
- Pressure Switches

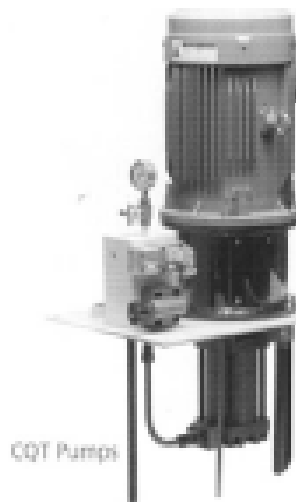

### Encoders

## COOLANT PUMPS-----SUMITOMO - JAPAN

**E3P PUMPS**

CQT Pumps

**CQT PUMPS**

Low-noise Coolant Units (SUMIJETX)

**LOW-NOISE COOLANT UNITS ( SUMIJET<sup>X</sup> )**

## HYDRAULIC PUMPS-----SUMITOMO – JAPAN

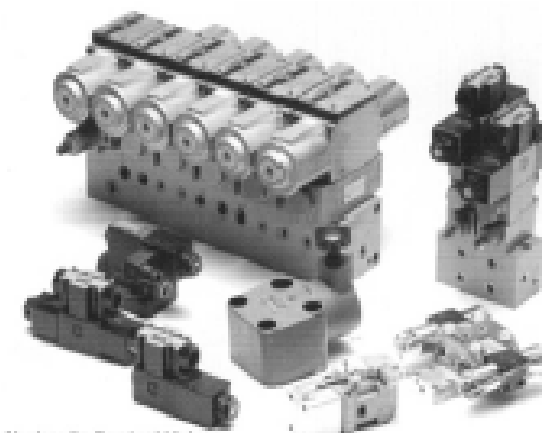

**QT PUMPS**

High-pressure Servo Control Hydraulic Units

**HIGH-PRESSURE SERVO CONTROL  
HYDRAULIC UNIT**

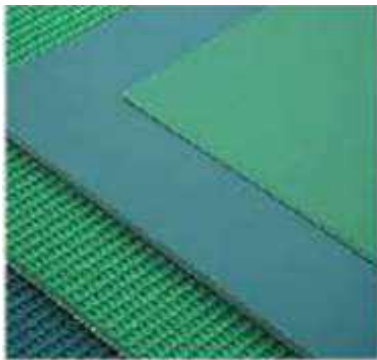

**HYDRAULIC CONTROL  
VALVES**

## RUBBER CONVEYOR BELTS

## PVC CONVEYOR BELTS

## PLANT MACHINERY AND EQUIPMENTS

### CONVEYORS

### SHELL & TUBE HEAT EXCHANGER

Anti-Static Filter Bags  
(Membrane Type  
& Needle Punched Type)

Forged Steel Balls  
(for Ball Mill)

Speed Reduction Gear Box

Induced Fan

Flow Control Gate (Pneumatic)

Vertical Mill Reducer

Multi-Cylinder-Hydraulic-Cone-Crusher

Roller Press

Cored Hard-facing Wire

Flow Control Valve

Flow Meters

## Installation & Commissioning

Machine and equipment installations are undertaken using our skilled, highly experienced engineers. Our proactive approach for installation and project management ensures completion of project in a timely, cost-effective and professional manner.

## SEINEN After Sale Services

SEINEN has the requisite skills and experience to deliver efficient solutions to any engineering sector with immediate response for solution.

**Retrofitting of CNC Machines**  
SEINEN prides itself on the optimal mix of expertise, qualifications and experience required for retrofitting of CNC machines with new electronic cards, controllers and components. This facilitates our customers to be

- Cost Effective
- Increase Production
